

NOTICE

For some time past there have been depredations and destruction of property, particularly the valuable small trees and flowers in Greenwood Cemetery. Some of this has been done in the daytime as well as at night. The Board offers \$10.00 in cash for any information leading to the arrest and conviction of the parties doing the same.

The parties carrying on destruction in the office building recently we feel sure were not little children, and we ask the fathers and mothers of Petoskey to assist us in protecting this property.
